Section 1 – Introduction

This directory provides a list of Fresenius Total Health’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

The “Network Providers” listed in this directory are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with Fresenius Total Health to accept our payment and deliver covered services to members in our plan. When you become a member of our plan, you must choose a Primary Care Provider (PCP) to provide and oversee your medical care. Your PCP is a physician practicing in family practice, internal medicine, or nephrology that meets state requirements and is trained to give you routine and basic medical care. The term PCP will be used throughout this directory. Generally, you will get your care from your PCP.

Out-of-network/non-contracted providers are under no obligation to treat Fresenius Total Health members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Member Services number or see your Evidence of Coverage for more information, including the cost sharing that applies to out-of-network services.

As a member of our plan, you can choose to receive care from any of the providers listed in this directory or from out-of-network providers. Our plan will cover services from either in-network or out-of-network providers, as long as the services are covered benefits and medically necessary, but, some services may require authorization from the plan. In general, if you use an out-of-network provider, your share of the costs for your covered services will be higher except in emergencies or urgent care situations.

In cases where non-contracting providers submit a bill directly to you, you should not pay the bill, but should submit it to Fresenius Total Health for processing and determination of your cost-sharing amount, if any.

Our plan does not cover urgently needed care or any other non-emergency care if you receive the care outside of the United States and territories.

What is the service area for Fresenius Total Health?
The county in our service area is listed below.

Arizona: Maricopa County

How do you find Fresenius Total Health providers in your area?
Provider types most commonly used by ESRD patients are listed at the beginning of this directory for your convenience. All other in-network providers are then listed alphabetically by the type of provider.

If you have questions about Fresenius Total Health or require assistance in selecting a PCP or nephrologist, please call our Member Services Department at 1-855-598-6774. Hours: February 15 – September 30, 8 am to 11 pm ET, Monday – Friday. October 1 – February 14, 8 am to 11 pm ET, 7 days a week. TTY users should call 1-844-209-9094, or visit www.esrdplans.com.
